

Fire Alarm System

- Wireless fire alarm building solution
- Smarter way to sense danger
- Detect → Alert → Protect → Complete fire safety solution
- One alarm, total protection
- Alert today, alive tomorrow

Elevator Door Sensor

- Safety that senses
- Invisible tech, visible safety
- Every movement, perfectly timed
- Protecting passengers with every door closing
- Advanced infrared sensing for complete safety assurance

Gearless Traction Machine

- Compact design, powerful performance
- Experience the lift evolution with Gearless Traction Machine
- The heart of every high-performance elevator
- Smooth, silent, and energy-efficient lift performance
- Precision engineering for superior ride comfort

Elevator Blower fan

- High-speed cooling for high-demand for elevator industry
- High speed. High performance. Zero compromise
- Unleash the power of speed and strength
- Engineered for maximum airflow and efficiency
- Compact design with Powerful Ventilation

Stabilizer & UPS

- Uninterrupted power. Unmatched performance
- Stay powered. Stay productive
- Never lose power — ever again
- Power cut not your problem
- Your power shield in every blackout
